

City Tavern

Your marriage at City Tavern...

the library wedding breakfast for twenty

A beautifully quirky alternative to a church, or registry office service. Our first floor library is licensed for marriages (as is our first floor terrace for a small intimate service of twelve guests).

Your marriage in the Library:

Meet and greet at the door of City Tavern. Direct private staircase access to the library, where the seating will be arranged 'theatre style' facing the Tudor bay window and clustered chandeliers.

Following the ceremony the wedding party will be welcomed in the adjoining bar and terrace.

The library wedding breakfast for twenty includes:

Complimentary bottle of champagne for the newlyweds.

Choice of a glass of prosecco, red wine, fresh orange juice, or a large shot of scotch whisky for your guests.

Once your guests have enjoyed their reception drink we invite them back into the library, where they will be greeted with a glass of prosecco to toast the happy couple. The top table will be dressed in white linen. Your wedding cake will be displayed on its own white linen table. This is the perfect opportunity for photographs and speeches before your three course wedding breakfast is served.

Sample wedding breakfast:

Table wine for your guests.
